

## NEW RELEASE

MA -- November 2017

For 68 years, ski families have cheered the official kickoff of winter with the ski film company that started it all. This year is no different. The family grows, and the traditions grow richer, in *Volkswagon Presents Warren Miller's Line of Descent*. Bigger, deeper, fresher than ever...

You know Warren Miller as skiing's greatest ambassador, its most entertaining storyteller, and as the godfather of action sports filmmaking. His autobiography, *Freedom Found*, is the rest of Warren's extraordinary life story—and what happened behind the camera is even more amazing than what you saw on the big screen...

*Freedom Found* begins in Depression-era Hollywood, where Warren Miller grew up in an unloving, dysfunctional home. Warren lost his first love to cancer, survived a family embezzlement, and staved off numerous financial disasters. Through it all, he managed to keep his sense of adventure and humor in tact.

These National Tour showings of *Volkswagon Presents Warren Miller's Line of Descent* include a the Ski Team Raffle featuring a copy of *Freedom Found* (available online at WarrenMiller.net) as well as a pair of skis courtesy of Sportworks, and a helmet courtesy of Bern Unlimited, and other prizes.

## **WARREN MILLER FILM TOUR**

The lineage of mountain lifestyle continues in Warren Miller Entertainment's 68th full-length feature film, *Line of Descent*. In this year's film, WME travels the globe, by land, air, and sea, exploring the ties that bind ski culture.

In Squaw Valley and Jackson Hole, WME visits skiing icons who have made the mountains their home and raised mini Moes and Moseleys of their own. Traveling to Norway, a Canadian ski patroller enjoys the company of his Norwegian brethren, and in the French Alps, native son Jean-Claude Killy's legacy fills Val-D'Isere hearts with pride.

From BC to France, Glacier Country to Steamboat, new generations of skiers and riders are pushing their sport to new extremes, making their parents proud—and often downright nervous.

WME crews chase winter along the Beartooth Highway where a road trip via motorcycles takes athletes Kalen Thorien and Mike "Bird" Shaffer from Montana to Wyoming. And still to come, snowboarders Seth Wescott and Rob Kingwill will head to New Zealand to descend Mount Cook.

For 68 years, ski families have cheered the official kickoff of winter with the ski film company that started it all. This year is no different. The family grows, and the traditions grow richer, in Warren Miller's *Line of Descent*. Bigger, deeper, fresher than ever...
